To be confirmed	TC 8/SC 7 Gas metering	BRUSSELS
-----------------	------------------------	----------

i n f o

The *International Laboratory Accreditation Cooperation* (ILAC) is the world's principal international forum for the development of laboratory accreditation practices and procedures. ILAC promotes laboratory accreditation as a trade facilitation tool, assists developing accreditation systems, and recognizes competent test facilities around the globe.

This year marks the 22nd year of ILAC's existence, and both the ILAC 2000 Planning Committee and the Conference Administrative Sponsor, Excel Partnership, have committed considerable planning and effort into making ILAC 2000 as rewarding as possible for all participants.

A General Assembly of ILAC members will be held on Monday morning, Thursday afternoon and Friday. All attendees are invited to the opening session on Monday morning. The Thursday and Friday sessions are for ILAC members and invited guests. These sessions will cover Committee Reports and general ILAC business, and attendees may contact an ILAC member to coordinate possible attendance.

ILAC 2000 Technical Conference Agenda

<p>Technical Session 1 – Monday 1:30-5:00</p> <p>Technical Session 2 – Tuesday 8:30-12:00</p> <p>Technical Session 3 – Tuesday 1:30-5:00</p> <p>Technical Session 4 – Wednesday 8:30-12:00</p> <p>Special Tutorial: Wednesday 1:30-5:00</p> <p>Laboratory Tours: Thursday 8:00-12:00</p>	<p>Application of ISO 17025: Determining the Competence of Testing and Calibration Laboratories</p> <p>Stakeholder Reliance on Accredited Laboratories</p> <p>Proficiency Testing and Interlaboratory Comparisons</p> <p>Uncertainty and Traceability: How Good are the Data?</p> <p>Uncertainty Analysis</p>
