**Objet: Erratum: OIML R 87 (E) 2004**

**Subject: Erratum: OIML R 87 (E) 2004**

Chers Collègues,

Dear Colleagues,

Les corrections suivantes s'appliquent à la version anglaise électronique de la R 87. Ces corrections ont été apportées dans le nouveau fichier PDF et ne s'appliquent pas à la version papier:

The following corrections apply to the electronic version of R 87 (2004) in English. These corrections have been included in the new PDF file and do not apply to the paper version:

*Page 7, Table 1: Column headers for columns 2 and 3*  
*Page 7, Tableau 1: Entêtes de colonnes pour les colonnes 2 et 3*

Table 1 Sampling plans for prepackages

Inspection lot size	Sample size (n)	Sample correction factor $(t_{1-\alpha}) \times \frac{1}{\sqrt{n}}$	Number of prepackages in a sample allowed to exceed the tolerable deficiencies in 4.2.3 (see also 2.4.1)
100 to 500	50	0.379	3
501 to 3 200	80	0.295	5
> 3 200	125	0.234	7

*Page 16: Column headers for columns 2 and 3 (top line)*  
*Page 16: entêtes de colonnes pour les colonnes 2 et 3 (ligne supérieure)*

Table E.1 Capacities of aerosol dispensers

Volume of the liquid phase in mL	Container capacities in mL for:	
	Products propelled by liquid gas	(a) Products propelled by compressed gas alone. (b) Products propelled by nitrous oxide or carbon dioxide alone or by mixtures of the two alone when the product has a Bunsen Coefficient of 1.2 or less.

Meilleures salutations

Best regards
