

BIML 06 No. 510/RG

2006.12.04

**Note to CIML Members**

**Subject: Merger of OIML TC 8/SC 3 *Dynamic volume measurement (liquids other than water)* and OIML TC 8/SC 4 *Dynamic mass measurement (liquids other than water)***

Dear Colleagues,

At its 41st Meeting, the CIML approved the proposal made by the BIML and the Secretariats of TC 8/SC 3 and TC 8/SC 4 to merge these two Subcommittees into one, namely:

**OIML TC 8/SC 3 *Dynamic volume and mass measurement (liquids other than water)*  
(Co-Secretariat: Germany and the United States).**

The persons responsible for this Co-Secretariat are those who were responsible previously for OIML TC 8/SC 3 (Dr. Rinker, Germany) and for OIML TC 8/SC 4 (Mr. Richter, United States).

We have registered as P-Members and O-Members those countries which were already registered in either SC before the merger. Any country which would like to take the opportunity of this reorganization to modify their participation status is invited to inform the BIML.

The projects under the responsibility of the new OIML TC 8/SC 3 are the following:

- p1: R 117-1 *Measuring systems for liquids other than water – Part : Metrological and technical requirements;*
- p2: R 117-2 *Measuring systems for liquids other than water – Part 2: Test methods;*
- p3: R 117-3 *Measuring systems for liquids other than water – Part 3: Evaluation Report Format.*

Project p1 is related to the combined revision of OIML R 86 *Drum meters for alcohol and their supplementary devices*, OIML R 105 *Direct mass flow measuring systems for quantities of liquids* and OIML R 117 *Measuring systems for liquids other than water*.

Projects p2 and p3 include the revision of OIML R 118 *Testing procedures and test report format for pattern examination of fuel dispensers for motor vehicles* and is intended to be extended to different modules of measuring systems such as calculators.

The existing OIML TC 8/SC 4 is hereby disbanded, as decided by the CIML.

Please do not hesitate to contact us if you require any additional information.

Yours faithfully,

Mrs. Régine Gaucher
