

Note to CIML Members

Subject: CIML online approval: Revision of OIML R 117
Measuring systems for liquids other than water

Dear Colleagues,

OIML TC 8/SC 3 *Dynamic volume and mass measurement (liquids other than water)* was responsible for the revision of OIML R 117 *Measuring systems for liquids other than water* under project p1, which also included OIML R 105 *Direct mass flow measuring systems for quantities of liquids* and R 86 *Drum meters for alcohol and their supplementary devices*.

Despite a large number of comments having been received, the second Committee Draft achieved over 90 % approval within OIML TC 8/SC 3 and TC 8/SC 4. Both Subcommittees were requested to vote since the vote took place before the 41st CIML Meeting's decision to merge them into one.

Considering these voting results, the co-Secretariat of TC 8/SC 3 has prepared the Draft Recommendation R 117-1 which is hereby submitted for direct CIML postal approval, as decided at the 41st CIML Meeting in Cape Town.

To this end, you are kindly requested to post your comments (if any) and vote on this Draft Recommendation via the Members' page of the OIML web site **at the latest by 15 June 2007**.

In order to be directly approved online, according to OIML B 1 *OIML Convention* at least two-thirds of CIML Members shall cast votes and no negative votes shall be cast. In the event that these conditions are *not* fulfilled, OIML DR 117-1 will be submitted for regular approval by the CIML at its 42nd Meeting in Shanghai this October.

Please do not hesitate to contact us if you require any additional information or assistance in voting.

Yours faithfully,

Mrs. Régine Gaucher
