

BIML 07 No. 267/ID

2007.04.30

Note to CIML Members

Subject: Direct CIML online approval: R 76-2 *Non-automatic weighing instruments* – Part 2 Test report format

Dear Colleagues,

The secretariat of OIML TC 9/SC 1 *Non-automatic weighing instruments* has recently distributed the draft revision of R 76-2 to its members for ballot since there was a non-decisive ballot on the previous Committee Draft.

The BIML has decided to begin the direct CIML online approval of this Draft in parallel with the subcommittee ballot so that this test report format may be published quickly to accompany the revision of R 76-1 which was approved by the CIML at its 41st Meeting in Cape Town last year.

You are therefore kindly requested to post your comments (if any) and vote on this Draft Recommendation via the Members' page of the OIML web site **at the latest by 30 July 2007**.

In order to be directly approved online, at least 50 % of CIML Members must vote in favour of the Draft and none have an objection in principle. If these conditions are *not* fulfilled, the Draft Recommendation will be submitted for regular approval by the CIML at its 42nd Meeting in Shanghai this October.

The BIML would also like to urge P-members of TC 9/SC 1 to respond to the ballot mentioned above.

Please do not hesitate to contact us if you require any additional information or assistance in voting.

Yours faithfully,

Ian Dunmill
Assistant Director, BIML
