

BIML 10 No. 185/ID

14 January 2010

To: CIML Members

Subject: Direct CIML online approval of the revision of OIML R 106-1
Automatic rail-weighbridges
Part 1: Metrological and technical requirements – Tests

Dear Colleagues,

Following the successful preliminary ballot on R 106-1 which closed in August 2009, the Draft revision of OIML Recommendation R 106-1 has now been uploaded onto the Members Page of the OIML web site in the form of a WinZip file. This Draft has been revised by the secretariat of TC 9/SC 2 to take account of comments received from CIML Members during the preliminary ballot. According to Resolution 16a of the 44th CIML Meeting, CIML Members are now invited to vote in a direct CIML online approval.

I would like to remind you that one of your obligations as a CIML Member is to vote in all direct CIML online approvals. According to the OIML Convention, at least two-thirds of CIML Members shall cast votes and no negative votes shall be cast if the Recommendation is to be approved. If these conditions are *not* fulfilled, the Draft Recommendation will have to wait and be submitted for regular approval by the CIML at its 45th Meeting in September 2010.

The deadline for this direct CIML online approval is **16 April 2010**.

To access the documents, please visit www.oiml.org/members. A zip file may be downloaded using the appropriate link in the table at the bottom of this page. To vote, click on “Click to vote” in the same table. You may then enter your country’s vote using your personal ISO country code login and the password supplied to you previously. If you have forgotten or mislaid your personal password, please visit www.oiml.org/members/data/reminder.html to retrieve it by e-mail. Please contact me if you have any difficulties.

Kind regards,

Ian Dunmill
Assistant Director
