

Note to CIML Members

Subject: CIML direct online approval: Draft Revision of OIML Document D 16
Principles of assurance of metrological control

Dear Colleagues,

OIML TC 3/SC 2 *Metrological supervision* was responsible for the revision of OIML Document D 16 *Principles of assurance of metrological control*.

This Draft Document is hereby submitted to the CIML for direct online approval and you are therefore kindly requested to post your comments (if any) and vote on this Draft Document via the Members' page of the OIML web site **at the latest by 01 July 2010** (three months).

The BIML Contact Person for this Draft Document is Mr. Willem Kool.

In order to be directly approved online, according to OIML B 6-1 *Directives for the Technical Work* (3.5.3):

a draft Document is formally approved and shall pass [to] the publication stage if a majority of CIML Members has provided a favorable vote, and if there are no objections in principle to its publication from any of the CIML Members; otherwise, it shall be returned to the technical committee or subcommittee for reconsideration. If there is an objection of principle but a majority of favorable votes, the draft shall be submitted at the next CIML meeting, where the objection may be discussed and a decision made by a majority vote.

Please do not hesitate to contact us if you require any additional information or assistance in voting.

Yours faithfully,

Chris Pulham

Editor / WebMaster, BIML
