

BIML 11 No. 103/ID

18 January 2011

To: CIML Members

Subject: Direct CIML online approval of the revision of OIML R 106-1
Automatic rail-weighbridges
Part 1: Metrological and technical requirements – Tests

Dear Colleagues,

The Draft revision of R 106-1 was submitted to direct CIML approval last year. At the 45th CIML Meeting in Orlando, the BIML reported on the unsuccessful outcome of this process. According to Resolution 16 of the 45th CIML Meeting, it was decided that a revised Draft revision of R 106-1 would be again submitted to direct CIML online approval. This revised draft is therefore attached, and CIML Members are now invited to vote in a direct CIML online approval.

I would like to remind you that one of your obligations as a CIML Member is to vote in all direct CIML online approvals. According to the OIML Convention, at least two-thirds of CIML Members shall cast votes and no negative votes shall be cast if the Recommendation is to be approved. If these conditions are *not* fulfilled, the Draft Recommendation will have to wait and be submitted for regular approval by the CIML at its 46th Meeting in October 2011.

The deadline for this direct CIML online approval is **18 April 2011**.

To access the documents, please visit www.oiml.org/members. A zip file may be downloaded using the appropriate link in the table at the bottom of this page. To vote, click on “Click to vote” in the same table. You may then enter your country’s vote using your personal ISO country code login and the password supplied to you previously. If you have forgotten or mislaid your personal password, please visit www.oiml.org/members/data/reminder.html to retrieve it by e-mail. Please contact me if you have any difficulties.

Kind regards,

Ian Dunmill
Assistant Director
