Subject: CIML preliminary ballot on OIML R 35-2  
*Material measures of length for general use*  
*Part 2 – Test methods*

Dear Colleagues,

The Draft of OIML Recommendation R 35-2 has been uploaded onto the Members Page of the OIML web site in the form of a WinZip file. CIML Members are now invited to vote in a preliminary ballot. I would like to remind you that one of your obligations as a CIML Member is to vote in CIML preliminary ballots.

As soon as possible after the ballot deadline, the TC 7 Secretariat will prepare the final Draft Recommendation based on any comments received from CIML Members. A final Draft will then be submitted to the CIML at its 46th meeting in October 2011, provided that the result of this preliminary ballot is favorable.

The deadline for this preliminary ballot is **18 April 2011**.

To access the documents, please visit [www.oiml.org/members](http://www.oiml.org/members). A zip file may be downloaded using the link in the “CIML online ballot and comment” table at the bottom of this page. To vote, click on “Click to vote” in the same table. You may then enter your country’s vote using your personal ISO country code login and the password supplied to you previously. If you have forgotten or mislaid your personal password, please visit:
