

BIML 12 N° 124/WK-cp

2012.03.12

To: CIML Members

**Subject: CIML Preliminary ballot of the draft revision of OIML R 46  
*Active electrical energy meters***

Dear colleagues,

The draft revision of OIML R 46 *Active electrical energy meters* has been uploaded to the Members' page of the OIML web site (<https://www.oiml.org/members>).

According to OIML B 6:2011 *Directives for OIML technical work*, Part 1, clause 6.5, CIML Members are now invited to vote on it in a preliminary ballot.

The draft is contained in a WinZip file, together with an information document with a compilation of the comments received on the last Committee Draft with the responses from the TC 12 secretariat, an overview of the changes made to the last CD and a marked up version of the last CD.

The draft was approved by the P-Members of TC 12. Of the 23 P-Members, 19 cast a vote. All votes cast were in favor.

Please note that, although the layout of the draft is not in accordance with the provisions of OIML B 6-2:2011 *Directives for OIML technical work*, Part 2: *Guide to the drafting and presentation of OIML publications*, the BIML, in order to save time, considered it appropriate to submit the draft for CIML preliminary ballot as received from the TC 12 secretariat. The final Draft, when submitted to the CIML for approval, will be edited to comply with the provisions of OIML B 6-2. In particular:

- the test procedures (currently in clause 6) will be contained in a separate part 2,
- a test report format (part 3) will be added.

The deadline for your vote and comments is **9 June 2012**.

Best regards,

Willem KOOL  
*BIML Assistant Director*
