Subject: Proposal for a new project: Revision of OIML D 8 after periodic review

In accordance with paragraph 6.11 of OIML B 6-1:2012 *Directives for OIML technical work*, the BIML conducted an enquiry amongst the members of TC 4 to decide whether the following publication shall be confirmed, withdrawn or revised:

- OIML D 8:2004 *Measurement standards. Choice, recognition, use, conservation and documentation*

Based on the outcome of the enquiry the BIML proposes the revision of this publication.

The project proposal, the outcome of the enquiry and the collated comments received from TC 4 members, are attached.

The secretariat of TC 4 (Slovakia) has indicated that they are prepared to act as the convener of the project group in the event that the proposal is approved by the CIML.

You are kindly requested to cast your vote online (www.oiml.org/members) by **17 May 2013 at the latest**.

Best regards,
