CIML Member comments on: OIML TC 6	Draft Document:	Title: OIML certificate system for prepackages	TC 6 Project: p1
	Circulation date: 2012.10.31	Closing date for comments: 30 January 2013	
Secretariat: South Africa			

Country Code	Clause/ paragraph/ table	gen./ edit./ techn.	COMMENTS	PROPOSED CHANGE	
AU	General	gen	Most global trade in food is in prepackaged form. An OIML mark would assist all economies but would have a particular benefit for less-developed economies. We do not support the proposal to terminate TC 6 project p1. Furthermore, we do not see a need for this action as 3CD clearly notes that the certification system would not be binding on national authorities or prepackers.
