

**Dear Colleagues,**

You are invited to take part in the 6<sup>th</sup> International Competitive Exhibition of Measuring Tools, Testing and Laboratory Equipment “Metrology-2010” and the 2<sup>nd</sup> Moscow International Symposium of Metrologists devoted to the World Metrology Day, which will be held from May 18 to May 20, 2010, at the All-Russia Exhibition Center.

A primary objective of the World Metrology Day celebration in Russia is the promotion of precise measurement importance for quality and safety assurance of the products and services.

The sponsor of the event is the Federal Agency for Technical Regulation and Metrology supported by the Government of the Russian Federation, the Ministry of Industry and Trade, the Federal Science and Innovation Agency of the Russian Federation, the Federal Space Agency of the Russian Federation and with participation of a number of international and regional companies.

The exhibition “Metrology” offers over 200 participating companies from 12 countries of the world, up to 20 collective expositions of federal agencies and establishments, public corporations, major holding companies and associations, over 50 regional standardization, metrology and certification centers and metrological institutes, with over 8,500 visitors attending.

The symposium of metrologists includes up to 120 reports on the most topical subjects in the field of metrological support for industrial branches, which will be attended by more than 2500 specialists.

We are convinced that an active participation of companies in the Exhibition “Metrology-2010” and the Symposium of Metrologists will serve a new impulse for development of instrument engineering and the high technologies market.

Please advise the Head Office of your decision at: [metrol@expoprom.ru](mailto:metrol@expoprom.ru).
